FADE IN:

BLACK BACKGROUND

The scene is illuminated by white light in the center, the song of Traveller "Weaver (E.H.R Mix) starts playing from the beginning of the scene until the end of the scene.

                         BLAWHI

Begins to move around the LOGOESCOM from left to right, and start climbing to have a view from above the LOGOESCOM.

                        LOGOESCOM

Simultaneously starts to be illuminated by lights passing around changing it's colour reflecting in LOGOESCOM.

When the CAMERA 1 finish focus from above the LOGOESCOM, all the lights go out for a few seconds suddenty everything is illuminated in white.

WHITE BACKGROUND

The scene is all illuminated by white light, *Space to music.

                          BALL

It is suspended from a chain, suddenly released.

                        LOGOESCOM

It disappears from the scene with special effect.

                         BLAWHI
                 Ohh no. . .

Focus LOGOESCOM until it disappears and see BUILDING emerge until hears the ball chain break, to focus it from below.

                        BUILDING

It appears from below until it is completely displayed on the scene.

                          BALL

It falls on the BUILDING.

                         BLAWHI

it focuses on the BUILDING as it recedes until it falls into the water

More balls falls into others BUILDING's aroud the CAMERA 1

WHITE BACKGROUND

The scene is all illuminated by white light, *Space to music.

BLAWHI

Try to float on the water, until gradually out to the surface again and manages to ascend at another point
